....Respondents

THE HON'BLE SRI JUSTICE C.V.RAMULU

W.P.No.18026 of 2006

ORDER:

The case of the petitioner is that he owns Ac.3.00 of agricultural land in S.No.742 in Jampally Village, Dharoor Mandal, Mahaboobnagar. To the north side of her land, which is lower from Gadwal to Rayachur, the officials are laying railway line. Petitioner's land is situated 80 feet upwards to the proposed railway line, and the distance between them is 100 feet. This land is slanting. Earlier, in the same line Jawahar canal was dug which is flowing from North to South. In the same survey number adjacent to railway lane in East side, a branch canal was surveyed and survey stones were laid. The stone Nos.5,000 to 5,300 at a height of 80 feet and a breadth of 110 is proposed for flowing of the said branch irrigation canal. In the lower land of the proposed canal, her lands and railway line are situated. According to the petitioner, the said lands are not suitable for laying the railway line. Whenever there are floods, her land and the railway line will be submerged as they are slanting towards north. Therefore, she requested the authorities by her representation dated 9.8.2006 to

alter the direction of the Jawahar Branch canal from stone No.5,000 towards southern side for better utility and to avoid future complication. The said representation has not yet been acted upon by the respondents. Further, according to the petitioner, the railway survey has been conducted and the respondents are trying to lay the lines.

In view of the above, without expressing any opinion on merits, the respondents are directed to consider and pass appropriate orders on the representation purported to have been made by the petitioner on 9.8.2008 within a period of four weeks from the date of receipt of a copy of this order.

Accordingly, writ petition is disposed of. No costs.
